## **SOUTHPORT- GARDENS OF RESORT**

Tuesday June 11<sup>th</sup> 2019 11.00 am

In 1700 Southport was described as ‘Little more cultivated than the deserts of Arabia’. In the following 300 years Southport has certainly confounded that description and today Lord Street is one of the most elegant streets in the North West and possibly even further afield.

Meeting outside the Atkinson Art Gallery at 11.00 am, if you arrive early the coffee shop will be open, our guide, Tony Kletz, who organises Southport Walks, will lead us on a gentle tour to explore the landscapes of Lord Street, the Marine Lake and Kings Gardens lasting about ninety minutes which will reveal the evolution of the gardens. When we stop at

various points on the tour wherever possible it will be near benches or convenient low walls. After lunch, not included but Southport is not short of places to eat, there is an optional visit to the Lawnmower Museum at 2.00 pm, admission £3.00 payable on the day, which is 20 minutes walk from the Atkinson or ten minutes drive. Maps will be provided on the day for those wishing to visit. There is a car park close to the Museum.

Please indicate below if you intend to visit the museum so we can let them know how many visitors to expect.

Southport is easily accessible by train and the Atkinson Art Gallery is less than a ten minute walk from Southport station.

### **BOOKINGS**

I require..... place(s) for member @ £10.00 total £ .....

Name (s)

.....

I require ..... place(s) for non-member @ £12.00 total £ .....
